## QUOTES FROM FORMER GRADUATES:

***What were the best things about Fundraising Academy?***

"I am beyond grateful for Academy GO. What I learned through their fundraising and grant writing course helped me land a full time position as a grant writer even though I had no experience in the nonprofit world. Only two months into my new position, I received a promotion and a pay raise. Academy GO equips you with the hard and soft skills needed to succeed. Their experienced and compassionate instructors and administrators are unlike any other I have experienced in my educational or professional career. This organization does wonderful things for people who are trying to do good in the world." ~ *Marsela*

"New terminology and effective use of words to state outcomes, liked the point to 'state what makes us unique from other nonprofits providing the same services.'"

"The ability to ask questions and to have them answered to my understanding."

"Outstanding assortment of materials and supplemental materials. Careful explanation of concepts. Plenty of time and consideration for questions and participant thoughts."
