Workshop Testimonial:

I use what I learned at AcademyGO in all the grant proposals I write and final reports. I've attended many grant classes before and after AcademyGO, but none have been more informative in the details of what potential donors want to know about a potential beneficiary. Some have

even asked for our Logic Model and before AcademyGO, I didn't know what a Logic Model is! The class taught about everything from cultivating donors, cultivating your board, planning grant deadlines, and, of course, how to write grants in the format grantors want to see. Many other classes have touched on these topics, but none have gone into the detail and examples and resources provided by AcademyGO.

We are a very small organization, and I don't have time to write many grants. I still have my training material and refer back to it periodically to give me new (remind me of) ideas to keep our fundraising opportunities fresh. **I followed the guidelines received during my attendance at AcademyGO** 9 years ago and Queen of Hearts Therapeutic Riding Center, Inc. has **received over 33 grant awards for over \$380,000!**

As an added bonus, I keep my membership up to date and I receive many more nonprofit resources and fundraising information. The cherry on the top is that when I reach out to Debbie A. Cannon and the rest of the staff at AcademyGO for questions, I know I am reaching out to friends.
